Performance*

Performance 4+4 and 4+6 will no longer be available as "standard." However, Performance 4+4 and 4+6 will be available as custom, full cylinders, once current stock has run out.

EL60 Pure Red

EL85 Pure Blueberry

*No "Pure" cylinders will be made with 100% of any single EPDM color. All "Pure" colors will need to have at least 5% black recycled rubber and will be considered custom with full cylinder/mat requirements.

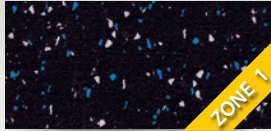

The only exception to this are 'logo' designs.

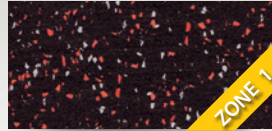

A Division of:

ECORE COMMERCIAL FLOORING

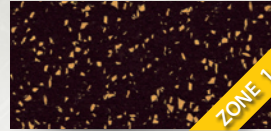

The following color patterns will no longer be available as “standard” in 9mm thickness.
8mm product is still “standard.”
